ECOR 2027 in KANAZAWA

THE 1ST INTERNATIONAL CONFERENCE ON EXTRACORPOREAL ORGAN REGENERATION (ECOR) 2027 in Kanazawa

Kanazawa Castle in November

■ DATE:
MARCH 27(SAT) –28(SUN) , 2027

■ VENUE:
Shiinoki Geihinkan
2-1-1 Hirosaka, Kanazawa,
Ishikawa 920-0962, Japan

■ PURPOSE

This inaugural meeting will advance Extracorporeal Organ Regeneration (ECOR) and help translate discoveries into clinical practice. It will unite organ perfusion, stem cell science, regenerative therapies, gene therapies, organ monitoring and assessment, and engineering innovations in automation, DX, and AI.

■ CHAIR & VICE CHAIRS

Chair: Makoto Nakamura (Kanazawa Institute of Technology)
Vice Chairs: Kengo Furuichi (Kanazawa Medical University) /
Shintaro Yagi (Kanazawa University)

■ SCIENTIFIC TOPICS

- Keynote Lecture
- Chair's Lectures
- Invited Lectures
- Oral Sessions
- Open Discussion
- Poster Sessions

■ KEYWORDS

- Organ perfusion, Machine perfusion,
- Organ regeneration, Organ repair
- Regenerative medicine,
- Cell therapies, Regenerative therapies
- Stem cells and Organoids,
- Gene therapies, DDS
- Monitoring and assessment technology
- Bioengineering, Automation,
- DX, Digital twin and AI
- Regulatory science, Bioethics,
- Science policy

Organizer: ECOR2027 Organizing Committee
